WHEREAS, the Legislative or governing Body of the Sponsor by Resolution No. _____ adopted at meeting held on _____ approved the Project and the terms and provisions of this Agreement and has further authorized the _____ of the Sponsor to execute this Agreement on behalf of this Sponsor (copy of such Resolution is attached to and made a part of this Agreement); and

WHEREAS, the Sponsor is not a sectarian institution,

NOW, THEREFORE, the parties agree as follows:

1. *Documents Forming this Agreement.* The agreement consists of the following:

- Agreement: This document titled "Aviation Project Funding Agreement";
- Schedule A-1: Description of Project and Funding;
- Schedule B: Phases, Sub-phase/Tasks, and Allocation of Responsibility;
- Appendix A: Standard Clauses for New York State Contracts;
- Appendix A-1: Supplemental Title VI Provisions (Civil Rights Act);
- Appendix B - Minority and Women-Owned Business Enterprises (M/WBE) – Service-Disabled Veteran Owned Businesses (SDVOB) - Equal Employment Opportunity (EEO) Policy Statement

- Resolution(s) – duly adopted municipal or, as applicable, corporate resolution(s) authorizing the appropriate official of the Sponsor to execute this Agreement on behalf of the Sponsor and appropriating the funding required therefore.

2. *General Description of Work.* The Sponsor shall procure and provide all services, materials and equipment necessary to complete the Project as more particularly described in Schedule A-1 and Scope of Work described in Schedule B.

3. *Maintenance.* Upon completion and acceptance of the Project Facilities by Sponsor, Sponsor shall certify in writing to the NYSDOT Commissioner that the Project Facilities have been completed. Upon its completion, Sponsor will operate and maintain the Project facilities as well as ancillary facilities useful or necessary to the function of said facilities, at its own expense in accordance with the requirements of the NYSDOT Commissioner for the period of time corresponding to the period of useful life for such project as determined by Section 61 of the State Finance Law. If the Sponsor intends to have the project facilities maintained by another party, any necessary maintenance contract shall be executed and submitted to NYSDOT before construction commences.

4. *Disposition of Project Facilities.* Sponsor agrees, that during the period of time during which Title to the Project Facilities paid for by the State is held by the State or in any event if funding of the State's share is from the proceeds of bonds or other obligations issued by the State or any of its public benefit corporations, such Project Facilities shall not be sold, rendered unusable, relinquished, discontinued or disposed of by Sponsor without the express written consent of the NYSDOT Commissioner having first been obtained. In the event of such approved disposition Sponsor shall either cause the purchaser or transferee to assume Sponsor's continuing obligations under this Agreement, or shall reimburse NYSDOT for the pro-rata share of the grant over the remaining useful life of the Project.

5. *Method of Performance of Work.* Sponsor agrees to undertake or cause to be undertaken and to proceed expeditiously with and complete the project as approved by the NYSDOT Commissioner and as described in the Scope of Work, and to complete or cause to be completed said work within the time limits specified in said Scope of Work. The work shall be performed by Sponsor's own forces or by contract or contracts entered into by the Sponsor in accordance with applicable law and the requirements of this Agreement. Sponsor agrees to obtain or cause to be obtained all approvals, permits and licenses necessary to progress the work, and also agrees to comply or cause to be complied with all applicable Federal, State and Local Laws which in any way impact work to be accomplished by the project.

6. *Funding of Project Costs.* State financial assistance hereunder shall be in the form of a grant as more specifically described in Schedule A-1. Sponsor shall provide its share of the cost of the Project, if any. Sponsor shall make reasonable efforts to secure federal assistance, if any, for the project.

In the event that federal assistance which was not included in the calculation of the state financial assistance becomes available to the Sponsor, the amount of the state financial assistance shall be recalculated by reducing the amount of the state financial assistance by the amount of such federal assistance, and the Sponsor shall pay to the state the amount by which the state payment actually made exceeds the state financial assistance determined by the recalculation, if any.

6.1 *Limits of Funding.* Subject to the terms of the appropriation, NYSDOT agrees to make available funds up to the amount identified as State Aid in Schedule A-1 for eligible Project costs incurred by the Sponsor in the performance of the Project, as the Project and the funding therefore is more fully described in Schedules A-1 and B. Project Costs in excess of State funds available for the work shall be the responsibility of Sponsor. Prior to start of construction, Sponsor shall certify the source and availability of funds for Project Costs which are in excess of State funds being made available under this Agreement. If the Sponsor loses funding eligibility, the State shall not be liable for any Project Costs whatsoever.

6.2 *Eligible Project Costs.* NYSDOT will fund eligible Project costs incurred by the Sponsor in connection with the work covered by this Agreement. Eligible costs shall include, but not be limited to, costs of acquisition, construction, repair, reconstruction, renovation and such other costs associated with the Project as are approved by NYSDOT as reasonable and necessary in the performance of the Project. Eligible costs shall also include salaries and wages to employees of the Sponsor who are engaged in carrying out the Project, fees to consultants and professionals retained by the Sponsor for planning and performing the Project.

6.3 In no event shall the State be obligated to fund or reimburse any costs exceeding the lesser of:

- (a) the amount stated in Schedule A-1 for the State share of Project Costs; or
- (b) amounts described in the preceding paragraph (a), less any duplicative funding of the same Project costs from other State sources.

6.4 *Debt Financing by Sponsor.* Grant monies shall not be used to pay for interest, issuance costs or reserves in connection with the issuance of debt by Sponsor to fund the Project, but may repay principal indebtedness incurred to fund eligible Project costs.

7. *Payments to Sponsor.* For work performed by or through the Sponsor, NYSDOT will fund or reimburse eligible Project costs either during the progress of construction or following completion of construction in accordance with NYSDOT policy and procedures.

7.1 *Progress Payments.* Sponsor may be reimbursed in progress payments, for eligible Project costs incurred by Sponsor in conformity with Schedule A-1, upon submission of a voucher by Sponsor in a form acceptable to NYSDOT.

7.2 *Final Payment.* Final payment to sponsor shall be made upon the application of Sponsor to NYSDOT, on a basis of work accomplished, upon submission of vouchers to the State, the submission of a Project Completion Report (hereinafter defined) together with such data as NYSDOT deems necessary to assure compliance with this Agreement evidencing that the work of the Project is completed.

Upon the completion of all said work by Sponsor pursuant to this Agreement, a final statement of costs shall be submitted to the State within one hundred eighty (180) days. Upon receipt of the final statement of costs by the NYSDOT Commissioner, the NYSDOT Commissioner will conduct an audit of the Sponsor project account records within one hundred eighty (180) days to determine the resources applied or used by Sponsor in fulfilling the terms of this Agreement.

7.3 *Payment Certification.* Each payment request will contain a certification by Sponsor that payment requests do not duplicate reimbursement of Project costs being funded from other sources.

In the event that any payments are made by the State to the Sponsor for costs incurred by Sponsor, which are subsequently determined to be ineligible for reimbursement under this Agreement, State may retain an amount equal to any such excess payments from any monies then or which may become due and owing to Sponsor under the Agreement, or Sponsor shall repay such amounts to State within forty-five (45) days from the date Sponsor receives notice of such determination of ineligibility.

All costs submitted by Sponsor shall be in conformity with accounting procedures acceptable to NYSDOT and shall be subject to approval by NYSDOT Commissioner, and to audit by the NYSDOT Commissioner and the State Comptroller. All requests for reimbursement shall be accompanied by appropriate supporting documentation including, but not limited to, the following: Inspector's Reports with associated invoices and receipts, Engineer's Diary, and the Engineer's recommendation(s) for payment to the Contractor.

All costs charged to the project shall be properly supported by executed payrolls or abstracts thereof, time, material and accounts payable distribution records, invoices, contracts, vouchers and/or canceled checks evidencing in proper detail the nature and propriety of the charges.

8. *Compliance.* The Sponsor understands that funding is contingent upon the Sponsor's compliance with the applicable requirements of the "Local Projects Manual (LPM)" manual (available through NYSDOT's web site at: <https://www.dot.ny.gov/plafap>), and as such may be amended from time to time.

9. *Supplemental Agreement or Supplemental Schedule A-1.* Supplemental Agreements or Supplemental Schedules A-1 may be entered by the parties, and must be approved in the manner required for a State contract. In the event Project cost estimates increase over the amounts provided for in Schedule A-1 or one or more supplemental Schedules A-1 as may hereafter be developed by the parties hereto or Eligible Project Costs in the Comprehensive List are increased by the legislature, no additional reimbursement shall be due to the Sponsor unless the parties enter into a Supplemental Agreement or Supplemental Schedule A-1 for reimbursement or additional Eligible Project Costs.

10. *Project Completion Report.* Sponsor shall 6 months from Project completion or final reimbursement by NYSDOT, whichever is earlier, submit a Project Completion Report to NYSDOT describing the sources and uses of all Project-related funds, including non-State funds, and the programmatic accomplishments of the Project.

11. *Records and Accounts.* Sponsor shall maintain accurate records and accounts of all financial transactions which show in detail all income and all expenditures, including but not limited to, payments for eligible Project costs. Said records shall include the amount of payment by the State, the amount of federal assistance if any received by the municipality for the project and all monies expended by the municipality for the project. Such records and accounts shall include, without limitation, property, personnel and financial records, cash receipts and disbursements journal and general subsidiary ledgers. All records and accounts shall be maintained in accordance with generally accepted accounting standards. All expenditures of the grant reimbursed monies shall be supported by invoices and/or other documentation sufficient to

establish that such monies have been used in accordance with the terms of this Agreement. The NYSDOT Commissioner, Comptroller of the State of New York and any other authorized representatives of the State of New York shall have the right to examine all records and accounts relating to Sponsor's financial transactions, including the expenditure of the grant and all other funds secured and services rendered for the benefit of Sponsor in connection with the Project. Sponsor shall maintain records relating to this Agreement for not less than thirty-six (36) years after the date of completion.

12. *Ethics.* No member of Sponsor's governing body, or any member of the Board of Directors or staff, nor any member of their families shall benefit financially either directly or indirectly from the grant unless such action is necessary for the accomplishment of the Project. In such event, Sponsor shall disclose such relationship to NYSDOT and shall obtain prior written approval therefore from NYSDOT.

13. *NYSDOT Review.* NYSDOT may review the Sponsor's performance of this agreement in such manner and at such times as the Commissioner shall determine, and such review may include field visits by NYSDOT representatives to the Project and/or the offices of Sponsor. Sponsor shall at all times make available its employees, records and facilities to authorized NYSDOT representatives in connection with any such review. Such review shall be for the purpose, among other things, of ascertaining the quality and quantity of Sponsor's performance of the Project, its use and operation.

14. *Failure to Diligently Progress Project or Loss of State or Federal Participation.* If NYSDOT determines that the Sponsor has failed to diligently progress the project, or in the event the Sponsor withdraws its approval of the project, or the Sponsor suspends or delays work on the Project such that it cannot be reasonably completed, or takes other action that results in the loss of state participation and/or federal participation, including the loss of State administration of Federal aid to the Sponsor, for the costs incurred pursuant to this agreement, the Sponsor shall refund to the State all reimbursements received from or through the State. The State may offset any other State aid due to the Sponsor by such amount and apply such offset to such repayment obligation of the Sponsor.

15. *Inspection and Audit.* Sponsor shall permit the authorized representative of NYSDOT and/or the State Comptroller to inspect and audit all books, records and accounts of Sponsor pertaining to the Project under this Agreement. Sponsor shall notify NYSDOT of any audit by any governmental agency of any projects, operations or reports of Sponsor within five (5) days of receiving information relating thereto.

16. *Term of Agreement.* The Project and Term are identified in Schedule(s) A executed herewith and incorporated herein or as subsequently identified in any duly executed and approved supplemental Schedule(s) A as of the date of such supplemental Schedule(s) A. This agreement shall only remain in effect so long as State aid funding authorizations are in effect and funds are made available pursuant to the laws controlling such authorizations and availabilities. However, if such authorizations or availabilities lapse and are not renewed, continued or reenacted, as to funds encumbered or available and to the extent of such encumbrances or availabilities, this agreement shall remain in effect for the duration of such encumbrances or availabilities. Although the liquidity of encumbrances or the availability of funds may be affected by budgetary hiatuses, a State budgetary hiatus will not by itself be construed to lapse this agreement, provided any necessary State appropriations or other funding authorizations therefor are eventually enacted.

17. *Contract Executory.* It is understood by and between the parties hereto that this Agreement shall be deemed executory only to the extent of the moneys available to the State and no liability on account thereof shall be incurred by the State beyond moneys available for the purpose hereof.

18. *Sponsor Liability; Indemnification.*

STANDARD CLAUSES FOR NYS CONTRACTS

The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter, "the contract" or "this contract") agree to be bound by the following clauses which are hereby made a part of the contract (the word "Contractor" herein refers to any party other than the State, whether a contractor, licenser, licensee, lessor, lessee or any other party):

1. EXECUTORY CLAUSE. In accordance with Section 41 of the State Finance Law, the State shall have no liability under this contract to the Contractor or to anyone else beyond funds appropriated and available for this contract.

2. NON-ASSIGNMENT CLAUSE. In accordance with Section 138 of the State Finance Law, this contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the State's previous written consent, and attempts to do so are null and void. Notwithstanding the foregoing, such prior written consent of an assignment of a contract let pursuant to Article XI of the State Finance Law may be waived at the discretion of the contracting agency and with the concurrence of the State Comptroller where the original contract was subject to the State Comptroller's approval, where the assignment is due to a reorganization, merger or consolidation of the Contractor's business entity or enterprise. The State retains its right to approve an assignment and to require that any Contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State's prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

3. COMPTROLLER'S APPROVAL. In accordance with Section 112 of the State Finance Law (or, if this contract is with the State University or City University of New York, Section 355 or Section 6218 of the Education Law), if this contract exceeds \$50,000 (or the minimum thresholds agreed to by the Office of the State Comptroller for certain S.U.N.Y. and C.U.N.Y. contracts), or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds \$25,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller's approval of contracts let by the Office of General Services is required when such contracts exceed \$85,000 (State Finance Law § 163.6-a). However, such pre-approval shall not be required for any contract established as a centralized contract through the Office of General Services or for a purchase order or other transaction issued under such centralized contract.

4. WORKERS' COMPENSATION BENEFITS. In accordance with Section 142 of the State Finance Law, this

contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers' Compensation Law.

5. NON-DISCRIMINATION REQUIREMENTS. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of \$50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

6. WAGE AND HOURS PROVISIONS. If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor's employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in accordance with the Labor Law.

If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the State Comptroller within five (5) business days of such conviction, determination or disposition of appeal (2 NYCRR § 105.4).

The Contractor agrees to document these efforts and to provide said documentation to the State upon request; and

(d) The Contractor acknowledges notice that the State may seek to obtain offset credits from foreign countries as a result of this contract and agrees to cooperate with the State in these efforts.

21. RECIPROCITY AND SANCTIONS PROVISIONS. Bidders are hereby notified that if their principal place of business is located in a country, nation, province, state or political subdivision that penalizes New York State vendors, and if the goods or services they offer will be substantially produced or performed outside New York State, the Omnibus Procurement Act 1994 and 2000 amendments (Chapter 684 and Chapter 383, respectively, codified in State Finance Law § 165(6) and Public Authorities Law § 2879(5))) require that they be denied contracts which they would otherwise obtain. NOTE: As of October 2019, the list of discriminatory jurisdictions subject to this provision includes the states of South Carolina, Alaska, West Virginia, Wyoming, Louisiana and Hawaii.

22. COMPLIANCE WITH BREACH NOTIFICATION AND DATA SECURITY LAWS. Contractor shall comply with the provisions of the New York State Information Security Breach and Notification Act (General Business Law § 899-aa and State Technology Law § 208) and commencing March 21, 2020 shall also comply with General Business Law § 899-bb.

23. COMPLIANCE WITH CONSULTANT DISCLOSURE LAW. If this is a contract for consulting services, defined for purposes of this requirement to include analysis, evaluation, research, training, data processing, computer programming, engineering, environmental, health, and mental health services, accounting, auditing, paralegal, legal or similar services, then, in accordance with Section 163 (4)(g) of the State Finance Law (as amended by Chapter 10 of the Laws of 2006), the Contractor shall timely, accurately and properly comply with the requirement to submit an annual employment report for the contract to the agency that awarded the contract, the Department of Civil Service and the State Comptroller.

24. PROCUREMENT LOBBYING. To the extent this agreement is a "procurement contract" as defined by State Finance Law §§ 139-j and 139-k, by signing this agreement the contractor certifies and affirms that all disclosures made in accordance with State Finance Law §§ 139-j and 139-k are complete, true and accurate. In the event such certification is found to be intentionally false or intentionally incomplete, the State may terminate the agreement by providing written notification to the Contractor in accordance with the terms of the agreement.

25. CERTIFICATION OF REGISTRATION TO COLLECT SALES AND COMPENSATING USE TAX BY CERTAIN STATE CONTRACTORS, AFFILIATES AND SUBCONTRACTORS.

To the extent this agreement is a contract as defined by Tax Law § 5-a, if the contractor fails to make the certification required by Tax Law § 5-a or if during the term of the contract, the Department of Taxation and Finance or the covered agency, as defined by Tax Law § 5-a, discovers that the certification, made under penalty of perjury, is false, then such failure to file or false certification shall be a material breach of this contract and this contract may be terminated, by providing written notification to the Contractor in accordance with the terms of the agreement, if the covered agency determines that such action is in the best interest of the State.

26. IRAN DIVESTMENT ACT. By entering into this Agreement, Contractor certifies in accordance with State Finance Law § 165-a that it is not on the "Entities Determined to be Non-Responsive Bidders/Offerers pursuant to the New York State Iran Divestment Act of 2012" ("Prohibited Entities List") posted at: <https://ogs.ny.gov/list-entities-determined-be-non-responsive-biddersofferers-pursuant-nys-iran-divestment-act-2012>

Contractor further certifies that it will not utilize on this Contract any subcontractor that is identified on the Prohibited Entities List. Contractor agrees that should it seek to renew or extend this Contract, it must provide the same certification at the time the Contract is renewed or extended. Contractor also agrees that any proposed Assignee of this Contract will be required to certify that it is not on the Prohibited Entities List before the contract assignment will be approved by the State.

During the term of the Contract, should the state agency receive information that a person (as defined in State Finance Law § 165-a) is in violation of the above-referenced certifications, the state agency will review such information and offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment activity which is in violation of the Act within 90 days after the determination of such violation, then the state agency shall take such action as may be appropriate and provided for by law, rule, or contract, including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

The state agency reserves the right to reject any bid, request for assignment, renewal or extension for an entity that appears on the Prohibited Entities List prior to the award, assignment, renewal or extension of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the Prohibited Entities list after contract award.

27. ADMISSIBILITY OF REPRODUCTION OF CONTRACT. Notwithstanding the best evidence rule or any other legal principle or rule of evidence to the contrary, the Contractor acknowledges and agrees that it waives any and all objections to the admissibility into evidence at any court proceeding or to the use at any examination before trial of an electronic reproduction of this contract, in the form approved by the State Comptroller, if such approval was required, regardless of whether the original of said contract is in existence.

CONSTRUCTION OBSERVATION AND ADMINISTRATION SERVICES FOR RECONSTRUCT ECHO APRON PROJECT

McFarland-Johnson, Inc. (CONSULTANT) shall provide the following professional services to Chemung County (SPONSOR) including administrative and full-time resident inspection services during the Construction Phase of the above project at the Elmira Corning Regional Airport. The project will be constructed by the SPONSOR with grant assistance from the Federal Aviation Administration (FAA) Airport Improvement Program (AIP), and the State of New York Department of Transportation at funding levels of 90% FAA, 5% NYSDOT, and 5% SPONSOR.

The project consists of the reconstruction of the existing Tango Apron (formerly Echo Apron) pavement section consisting of FAA P-209 base course and P-401 asphalt pavements. Echo Apron is approximately 211,000 square feet in area. Additional project improvements include:

- Installation of new FAA P-501 concrete hardstands for aircraft parking.
- Replacement of aging security fencing and gates along the perimeter of Echo Apron.
- Drainage improvements to Echo Apron to aid in stormwater treatment and control.
- Installation of new pavements markings within the project area.

The construction activity will be phased to minimize impacts on airport operations. The construction phasing includes 3 work areas each with specific operational requirements. The total contract time is 80 Calendar Days. During this time, each of the apron and hangar entrances will be closed to aircraft at various times to facilitate construction.

It is anticipated that a full-time staff of one Resident Project Representative (RPR) will be required for the full duration of the project. An additional full-time staff of one Inspector will be required for 40 Calendar Days during asphalt and concrete paving operations and to assist with other items of the project. A Geotechnical Subconsultant will also be required to perform Quality Assurance

(QA) laboratory and field testing. The cost of the construction contract, based on bids received, is \$4,444,430.00.

Professional services to be provided by the CONSULTANT shall include the following:

A. ADMINISTRATION/PROJECT MANAGEMENT:

Services provided for under this phase typically include:

1. **Consultation:** CONSULTANT shall provide advice to the SPONSOR during construction, including the holding of a pre-construction conference and final inspection conference as required by the FAA.
2. **Site Visits:** CONSULTANT's Project Manager or Project Engineer shall make visits to the site at intervals appropriate to the various stages of construction, as CONSULTANT deems necessary, in order to observe the progress and adherence to the Contract Documents of the various aspects of the CONTRACTOR(s)' work. It is anticipated that the Project Manager or Project Engineer will visit the site a minimum of one visit per week during the construction period.
3. **Shop Drawings/RFI's:** CONSULTANT shall review and take other appropriate action with respect to Shop Drawings, Material Submittals, Samples and other data which the CONTRACTOR(s) are required to submit, but only for conformance with the information given in the Contract Documents and compatibility with the design concept of the completed Project as a function of the whole as indicated in the Contract Documents. Such reviews and approvals or other action shall not extend to means, methods, techniques, sequences, or procedures of construction or to safety precautions and programs incidental thereto. All Shop Drawings and RFIs will be exchanged between the Contractor and the CONSULTANT using the Autodesk Construction Cloud (ACC) Build software. Reviews and responses to these items will also be completed using the ACC Build software.
4. **Construction Management Plan:** CONSULTANT shall prepare a Construction Management Plan in accordance with FAA requirements for the project, including identification of key staff, their experience and duties on this project. The plan will also identify key material testing requirements for the project and identify how these requirements will be addressed, and the parties responsible for the testing program.

B. CONSTRUCTION OBSERVATION:

Construction observation services shall be provided by a competent full-time Resident Project Representative (RPR), and a competent full-time Inspector familiar with airport operations at a facility similar to that of the SPONSOR's.

1. **Applications for Payment:** Based on 1) CONSULTANT's on-site observations of work progress; 2) information provided by the Resident Project Representative; 3)

review of the applications for payment including the accompanying data and schedules:

- a. CONSULTANT shall determine the amounts owing the CONTRACTOR(s) and recommend in writing payments to CONTRACTOR(s) in such amounts. Such recommendations of payment will constitute a representation to the SPONSOR based on such observations and review, that the work has progressed to the point indicated, and that, to the best of the CONSULTANT's knowledge, information and belief, the quality of such work is generally in accordance with the Contract Documents (subject to an evaluation of such work as to a functioning whole prior to, or upon, Substantial Completion, to the results of any subsequent tests called for in the Contract Documents and to any other qualifications stated in the recommendation). In the case of unit price work, CONSULTANT's recommendations of payment will include final determinations of quantities and classifications of such work (subject to any subsequent adjustments allowed by the Contract Documents).
- b. By recommending any payment, CONSULTANT will not thereby be deemed to have represented that exhaustive, continuous or detailed reviews or examination have been made by CONSULTANT to check the quality or quantity of CONTRACTOR(s) work as it is furnished and performed beyond the responsibilities specifically assigned to CONSULTANT in the Agreement and the Contract Documents. CONSULTANT agrees that he will exercise reasonable professional judgement in verifying that the adherence to the Contract Documents and quantity of the work meets requirements of the Contract Documents for which CONSULTANT is contractually responsible. CONSULTANT's review of CONTRACTOR(s)' work for the purposes of recommending payments will not impose on CONSULTANT responsibility to supervise, direct, or control such work or for the means, methods, techniques, sequences, direct, or procedures of construction or safety precautions or programs incident thereto or CONTRACTOR(s) compliance with laws, rules, regulations, ordinances, codes, or orders applicable to their furnishing and performing the work. It will also not impose responsibility on CONSULTANT to make any examination to ascertain how or for what purpose any CONTRACTOR has used the monies paid on account of the Contract Price, or to determine that title to any of the work, materials, or equipment has passed to SPONSOR free and clear of any lien, claims, security interests, or encumbrances, or that there may not be other matters at issue between SPONSOR and CONTRACTOR(s) that might affect the amount that should be paid.

The CONSULTANT shall assure that all Federal and/or State requirements, as applicable to specified materials, are adhered to.
3. **Progress Reports:** Submit weekly progress reports of construction activity and problems encountered as required by the SPONSOR, and the Federal Aviation Administration. FAA Form 5370-1, "Construction Progress and Inspection Report" will be utilized for this purpose.
4. **Contractor(s)' Completion Documents:** CONSULTANT shall receive and review maintenance and operating instructions, schedules, guarantees, bonds, and certificates of inspection, test and approvals which are to be assembled by CONTRACTOR(s).
5. **Inspections:** CONSULTANT shall conduct an inspection to determine if the work is substantially complete and a final inspection to determine if the work is acceptable so that CONSULTANT may recommend, in writing, final payment to CONTRACTOR(s) and may give written notice to SPONSOR and the CONTRACTOR(s) that the work is acceptable (subject to any conditions therein expressed), but any such recommendation and notice will be subject to the limitations expressed in this Section "B.1.b."
